MUTHUSIVARAMAN MURALIDHARAN

System Engineer | L2 Desktop Support | Endpoint & Infrastructure Support
+91 6382462720 | muthushivaraman22@gmail.com | LinkedIn | GitHub | Bangalore, India

PROFESSIONAL SUMMARY

System Engineer with 3+ years of experience in L2 Desktop and Technical Support, providing remote technical assistance to users across India and international regions including the US, UK and other. Hands-on experience supporting Windows 10/11 desktops and laptops, hardware and software troubleshooting, driver installation and troubleshooting, application issues, OS troubleshooting, basic networking and remote connectivity.

Experienced in diagnosing and resolving desktops, laptops, Windows OS, hardware, software, driver, LAN/Wi-Fi, IP, DNS and VPN-related issues using structured troubleshooting methods. Basic knowledge of GPUs, graphics/display concepts and graphics drivers, with the ability to perform first-level diagnosis and escalate complex hardware or graphics issues when required.

Strong experience with Active Directory, Microsoft 365, ManageEngine Endpoint Central, HCL BigFix, Trend Micro, Jira, Nagios, VPN and endpoint management. Experienced in remote troubleshooting, incident management, SLA-driven support, documentation, escalation, and coordination with multiple technical teams.

TECHNICAL SKILLS

Desktop & Support: Desktop/Laptop Support | Windows 10/11 | Hardware & Software Troubleshooting | Drivers | Remote/International Support

Graphics: NVIDIA GPU Basics | Graphics Drivers | Display/Monitor Troubleshooting | Resolution Issues

Networking: TCP/IP | IP/Subnet | DNS | DHCP | LAN/Wi-Fi | VPN | Ping | Tracert | Ipconfig | Nookup

Identity & M365: Active Directory | Group Policy | Entra ID | Okta | Outlook | Teams | OneDrive | Office 365 | User/Access Support

Endpoint Management: ManageEngine Endpoint Central | HCL BigFix | Patch Management | Software Deployment | Endpoint Compliance

OS Deployment: Windows Imaging | OS Deployment/Reimaging | WDS | MDT | FOG | CloneDeploy

Security & Monitoring: Trend Micro | BitLocker | USB Control | Firewall | Nagios | Wireshark | HAR Logs

ITSM & Administration: Jira | Incident/Service Requests | SLA | Escalation | Documentation
Basic Knowledge - PowerShell | CMD | Bash | Linux | macOS

PROFESSIONAL EXPERIENCE

System Engineer - L2 | 247.ai, Bangalore
April 19, 2023 – May 01, 2026

Desktop & Remote Technical Support

- Provided **L2 desktop and remote technical support** for enterprise users across India and international regions including the **US, UK, Australia, Africa and Philippines**.
- Supported **Windows 10/11 desktops and laptops**, troubleshooting operating system, hardware, software, application, driver and connectivity-related issues.
- Diagnosed system performance, application, login, audio, peripheral, display and other end-user technical issues using structured troubleshooting procedures.
- Assisted users remotely through technical issues while maintaining clear communication, accurate documentation and SLA adherence.
- Performed **driver installation, update and troubleshooting** for system components and peripherals.
- Troubleshot LAN, Wi-Fi, internet and VPN connectivity issues using TCP/IP, DNS and DHCP fundamentals.

Graphics & Hardware Support

- Provided first-level troubleshooting for **display, monitor, resolution and graphics-related issues**.
- Applied basic knowledge of **GPUs, graphics cards and graphics drivers** for initial diagnosis of graphics/display issues.
- Performed hardware and peripheral troubleshooting involving desktops, laptops, monitors, headsets, keyboards, mice, printers and other end-user devices.
- Escalated complex hardware, GPU and application issues to the appropriate technical teams after completing initial diagnostics.

Endpoint & Infrastructure Support

- Managed endpoint patching, software deployment, compliance monitoring and asset-related activities using **ManageEngine Endpoint Central and HCL BigFix**.
- Performed OS deployment, imaging and reimaging using standardized enterprise Windows images.
- Supported enterprise endpoint security controls including **Trend Micro, BitLocker, USB control and firewall configuration**.

Identity & Microsoft 365 Support

- Administered Active Directory user and computer accounts, OU movement, Group Policy changes/troubleshooting and domain join/disjoin activities.
- Supported Microsoft 365 user lifecycle activities including **Outlook, OneDrive, Teams, licensing and access-related troubleshooting**. Supported Microsoft Entra ID and Okta identity/access issues, including MFA-related troubleshooting.

Networking & Secure Connectivity

- Troubleshot **LAN, Wi-Fi, internet and VPN connectivity** using structured TCP/IP, DNS and DHCP troubleshooting.
- Validated IP address, subnet mask, default gateway, and DNS configuration.
- Used **ping, tracert, ipconfig and lookup** for network diagnosis.
- Supported Cisco VPN and Palo Alto GlobalProtect environments.

ITSM & Monitoring & Escalation

- Managed incidents and service requests through **Jira**, maintaining SLA adherence and detailed troubleshooting documentation.
- Monitored infrastructure/system availability using **Nagios**.
- Coordinated escalations with network, application, security and infrastructure teams for complex or critical issues

CERTIFICATIONS s PROFESSIONAL TRAINING

Professional Certification

➢ ManageEngine Certified Product Associate (MECPA)

Technical Training

➢ CompTIA A+ – Training Completed; Certification Exam Not Attempted

Internal Certifications & Training – 247.ai

➢ Artificial Intelligence Level 1 Certification
➢ Artificial Intelligence Level 2 Certification
➢ Workspace Training
➢ SASH Course
➢ IT Support & Desktop Support Fundamentals
➢ Windows Administration & Troubleshooting
➢ Networking Fundamentals
➢ Active Directory & Group Policy
➢ Microsoft 365 & Endpoint Support

EDUCATION

Bachelor of Computer Applications (BCA)

Tamil Nadu Open University (TNOU) – 2024 – 2027 (In Progress)

Diploma in Mechanical Engineering – 80%

Rudhraveni Muthuswami Polytechnic College, Udumalpet (DOTE) - 2015 – 2018

Secondary School Leaving Certificate– 81%

JSR Higher Secondary School, Madathukulam (State Board) - 2014 – 2015

DECLARATION
